

Reprice: street doors, leftover on \$25k+

News is included on every phase and funded account — not an add-on. Book leftover after opex + 20% ads \$8,296/mo → \$10,219/mo (+1,923). Sale \$51,866 → \$54,270. Leftover / sale 16.0% → 18.8%. Lite/Pro \$5k–\$10k follow the 2-step street door. Instant and 1-Step doors stay. Lite/Pro \$25k+ step leftover up under Ment / Alpha 6% (Lite) and Hola / Alpha 10% (Pro).

1. Rule

Use the news-on BE. Fail rate is the same at every size; dollar payouts scale with the account. The \$100 min is 2.5% of a \$5k and 0.12% of a \$100k. Do not load CAD 10k wages onto the door — recover them on \$50k–\$200k. Instant stays under Blue Guardian and FundingPips Zero. 1-Step \$5k stays \$45 (Hola/BG \$47). Lite \$5k sits with Hola \$38 / TFT \$39; do not copy Maven \$18. Pro stays a step above Lite and under Alpha 10% / BG from \$50k. List = round(sale / 0.65). VERO35 still 35% off list.

Yellow = price moved. Lite/Pro \$5k–\$10k stay at the street door. \$25k+ step up under Ment / Alpha 6% (Lite) and Hola / Alpha 10% / BG (Pro). Lite \$5k leftover on allocated wages is about \$0 — payout BE is \$8, so the fee still covers the check. Wages come from \$50k–\$200k.

4. Add-on rec — news dropped, percents into the street band

News is included, so the 12% News SKU and the 20% Swing bundle are gone. Weekend 12→15% (live was 18%). Weekly 8→10% (BG 7-day is 15% on evals). On Demand 80% 12/15→15/18 Instant. 90% 12/15→15/18 Instant (BG Instant 90% is 15%; evals match BG 15%). 90% On Demand 20/32→25/35 Instant. Evals 25% matches BG’s 90%+7-day both-25%. Instant 35% is the year-1 floor with a ~\$11 cushion; do not copy BG Instant 15%.

7. What not to do

Do not raise Instant \$5k / \$10k / \$50k / \$100k — each is already \$1–\$5 under FundingPips or Blue Guardian. Do not copy Maven \$18 / \$35 / \$79. Do not put wages back onto Lite/Pro \$5k. Do not copy Alpha Instant \$274 at \$100k. Do not put News back on checkout. Do not sell Swing at 20%. Door headline: Instant from \$49; 1-Step from \$45; Lite from \$39; Pro from \$45.
